

Goal Planning Annuity Contract

This document contains information about the Goal Planning Annuity variable annuity contract (referred to below as the "Product") issued by Horace Mann Life Insurance Company ("Horace Mann") which has been offered as an investment vehicle under your 403(b) plan.

This document has 4 tables. Table 1 shows performance information for the variable investment options or subaccounts available under the Product; Table 2 shows performance information for the fixed account option available under the Product; Table 3 has fee and expense information; and Table 4 has information about annuity income options available under the Product.

A glossary of terms relevant to the Product is found at the end of this document.

Table 1 - Variable Subaccount Returns

Table 1 focuses on the performance of variable subaccounts that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the variable subaccount will perform in the future. An investment in these options could lose money. Information about a variable subaccount's principal risks is found in the prospectus for the corresponding underlying fund available at horacemann.com.

Variable Subaccount performance as of December 31, 2024

All returns in Table 1 are based on a \$10,000 investment and assume no optional benefit riders have been elected.

Participants should refer to their quarterly statements for their specific fees/charges.

The average annual rates of return of each variable subaccount were adjusted for a 1.25 percent mortality and expense risk fee. The Product includes an annual maintenance fee of \$25 while the account value is less than \$25,000 and offers two surrender charge schedules. The five-year surrender charge schedule is: year one, 8 percent; year two, 7.5 percent; year three, 7 percent; year four, 6 percent; year five, 5 percent; and falling to 0 percent by the sixth year of the contract. The nine-year surrender charge schedule is: year one, 8 percent; year two, 7.5 percent; year three, 7 percent; year four, 6 percent; year five, 5 percent; year six, 4 percent; year seven, 3 percent; year eight, 2 percent; year nine, 1 percent; and falling to 0 percent by the tenth year of the contract. Surrender charges apply to the account value withdrawn. The returns in Table 1 reflect deductions for the applicable surrender charge and the annual maintenance fee. Contracts with the nine-year surrender charge schedule provide a premium bonus equal to 2 percent of net premium (premium minus any premium taxes) paid during the first contract year.

The results in Table 1 include performance results for subaccounts for time periods prior to their inclusion in the Product. These results for periods prior to inclusion are calculated as if the subaccounts were part of the Product during those periods to provide historical perspective on the subaccounts and are not actual performance in the Product.

The underlined information below reflects the performance of the identified index for the subaccounts listed above the index. You cannot invest in an index and, since an index is not available as an investment option under a variable annuity contract, the performance of the index does not reflect any deductions for variable annuity contract expenses. Variable subaccount performance information for the most recent month may be found at horacemann.com.

Return if money withdrawn early from a contract without a premium bonus

The results below represent the return if the contract was surrendered at the end of the applicable time period and reflect the mortality and expense fee, five-year surrender charges and the annual maintenance fee.

(7) The BlackRock High Yield Portfolio V. I. III was added to the Goal Planning Annuity program on May 1, 2017.

(8) The ClearBridge Variable Small Cap Growth I, MFS VIT II International Growth Service and Vanguard VIF Global Bond Index were added to the Goal Planning Annuity program on May 1, 2019 (inclusion date).

(9) The Fidelity VIP Freedom 2055 SC2 and Fidelity VIP Freedom 2065 SC2 were added to the Goal Planning Annuity program on May 1, 2020 (inclusion date).

(10) The Goldman Sachs Government Money Market Institutional Shares were added to the Goal Planning Annuity program on January 26, 2022 (inclusion date).

Table 2- Fixed Account

Table 2 focuses on the performance of the fixed account option available under the Product, that has a fixed or stated rate of return. Table 2 shows the annual rate of return of this option, the term or length of time that the participant will earn this rate of return, and other information relevant to performance.

Name	Return	Term	Other
Fixed Account - Accumulation Phase	Current: 3.00% Guaranteed: 1.00%*	The guaranteed annual effective interest rate is guaranteed during the accumulation phase of the Product.	Horace Mann reserves the right to adjust the current interest rate prospectively, but not below the guaranteed rate. The current interest rate applied to any specific premium paid into the Product will not change more than once in any 12-month period. Current interest rate information is available by calling 800-999-1030.
Fixed Account - Payout Phase	Current: Specified Period-2.00%; Life Contingent-2.80% Guaranteed: 2.00%	The guaranteed annual effective interest rate is guaranteed during the payout phase of the Product.	The fixed account minimum monthly annuity option payments provided under the Product are found in the participant's annuity contract. These minimum annuity payments are based on the Annuity 2000 Mortality Table and 2% interest. These annuity payments may be increased by Horace Mann. The current annuity payments are based on applying 97% of the amount annuitized by the applicable percentage of state premium tax, if any, the Annuity 2000 Mortality Table, and the current interest rates shown in the Return column.

* The Fixed Account - Accumulation Phase guaranteed rate is the lowest of all such guaranteed rates that have been offered on the Product. Depending on when a participant's annuity contract was issued, this rate may be higher and will be shown on the contract's data page(s).

The returns above do not reflect the premium bonus on a contract with the 9 year surrender charge.

Information on the performance of the fixed account option may be found in the quarterly statements mailed to the participant for the participant's annuity contract, for any money held in the fixed account. A participant may also access these quarterly statements on line by registering for on line access or logging in and then going to "My Docs".

Table 3 - Fees and Expenses

Table 3 shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the total annual operating expenses of the variable subaccounts in Table 1. Total annual operating expenses are expenses that reduce the rate of return of the subaccounts and include the expense ratios of the underlying funds and the Product's mortality and expense risk fee. Other Product level fees which are in addition to total annual operating expenses of the subaccounts are shown immediately below Table 3.

The information in the table below is as of December 31, 2024

The gross expense ratio reflects the expenses for the underlying funds prior to any waivers or reimbursements. The net expense ratio reflects the actual expenses after any applicable fee waivers and expense reimbursements. All dollar amount figures shown are based on a \$1,000 investment.

Variable investment options	Gross Expense Ratio as %	Net Expense Ratio as %	Mortality and Expense Risk Fee(M&E) as %	Total Gross Expense Ratio including M&E as %	Total Net Expense Ratio including M&E as %	Gross Expense Ratio as \$	Net Expense Ratio as \$	Mortality and Expense Risk Fee(M&E) as \$	Total Gross Expense Ratio including M&E as \$	Total Net Expense Ratio including M&E as \$

Other Product level fees

Surrender Charges - 5 year

year one, 8 percent; year two, 7.5 percent; year three, 7 percent; year four, 6 percent; year five, 5 percent; and falling to 0 percent by the sixth year of the contract

- 9 year*

year one, 8 percent; year two, 7.5 percent; year three, 7 percent; year four, 6 percent; year five, 5 percent; year six, 4 percent; year seven, 3 percent; year eight, 2 percent; year nine, 1 percent; and falling to 0 percent by the tenth year of the contract

Annual Maintenance Fee

\$25 per year while the account value is less than \$25,000

* Contracts with the 9 year surrender charge include a two percent premium bonus on all premiums received in the first year of the contract.

Guaranteed Minimum Death Benefit Rider - Annual

Step Up 0.20% charged against the separate account value if this benefit rider is chosen.

Guaranteed Minimum Death Benefit Rider - 5%

Accumulation 0.30% charged against the separate account value if this benefit rider is chosen.

If both the Guaranteed Minimum Death Benefit Rider - Annual Step-up and the Guaranteed Minimum Death Benefit Rider - 5% Accumulation are selected the cost of both riders will be 0.40% of the separate account value.

The mortality and expense risk fee does not apply to amounts in the fixed account.

Surrender Charges are a percentage of the amount withdrawn from the fixed account or any subaccount .

If applicable, the annual maintenance fee is deducted from the subaccount containing the greatest value or from the fixed account when none of the subaccounts have sufficient value.

Information on fees and expenses under the Product may be found in the participant's annuity contract, the quarterly statements for the contract, the prospectuses for the Product and underlying funds, and the annual and semiannual reports for the underlying funds. The prospectuses and annual and semiannual reports are available at horacemann.com.

The cumulative effect of fees and expenses can substantially reduce the growth of retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at 'http://www.dol.gov/ebsa/publications/401k_employee.html'. Fees and expenses are only one of many factors a participant should consider when deciding whether to invest in an option. A participant should also think about whether an investment in a particular option, along with other investments, will help achieve the participant's financial goals.

Table 4- Annuity Options

Table 4 focuses on the annuity payout options available under the Product. Any guarantees by Horace Mann under these options are subject to its long-term financial strength and claims-paying ability. Table 4 shows whether the option is available on a fixed payment basis, a variable payment basis, or both. Variable payments will vary in amount, depending on the performance of the applicable subaccounts. Once an annuity payout option has been selected and the payout phase begins, transfers and withdrawals are not allowed.

Name	Objectives/Goals	Pricing Factors	Restrictions/fees
Life Income Option - Available on a fixed or variable payment basis.	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant. o Does not allow for a guaranteed minimum number of payments. 	The cost depends upon your age, gender and the interest environment when you elect the option.	Proof of survivorship may be required annually.
Life with Increase Option without Guaranteed Period	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant. o Does not allow for a guaranteed minimum number of payments. o The annuity payment amount will increase annually on the anniversary of the annuity date based on the annuity payment increase percentage elected. o Available annuity payment increase percentages are 1, 2, 3, 4 and 5 percent. 	The cost depends upon your age, gender and the interest environment when you elect the option. The higher the increase percentage selected, the lower the initial payout amount.	Available only on a fixed payment basis. Proof of survivorship may be required annually.
Life with Installment refund upon death	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant. o Installment refund at death will continue annuity payments to the payee until the net premium has been paid out, thereby ending the contract 	The cost depends upon your age, gender and the interest environment when you elect the option.	Available only on a fixed payment basis. Proof of survivorship may be required annually.
Life with cash refund upon death	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant o A cash refund at death pays out the difference between the net premium and the payments made to date, thereby ending the contract 	The cost depends upon your age, gender and the interest environment when you elect the option.	Available only on a fixed payment basis. Proof of survivorship may be required annually.
Life with Guaranteed period - Available on a fixed or variable payment basis.	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant, or until the end of the guaranteed period, whichever is later o Guaranteed period can be from 1-30 years as long as it does not extend beyond the life expectancy of the annuitant 	The cost depends upon your age, gender and the interest environment when you elect the option. The longer the guaranteed period, the lower the initial payout amount.	Proof of survivorship may be required annually. Guaranteed period cannot extend beyond the life expectancy of the annuitant.
Life with Guaranteed Period and Increase Option	<ul style="list-style-type: none"> o Annuity payments are made during the lifetime of the annuitant, or until the end of the guaranteed period, whichever is later. o Guaranteed period can be from 1-30 years as long as it does not extend beyond the life expectancy of the annuitant. o The annuity payment amount will increase annually on the anniversary of the annuity date based on the annuity payment increase percentage elected. o Available annuity payment increase percentages are 1, 2, 3, 4 and 5 percent. 	The cost depends upon your age, gender and the interest environment when you elect the option. The longer the guaranteed period, the lower the initial payout amount. The higher the increase percentage selected, the lower the initial payout amount.	Available only on a fixed payment basis. Proof of survivorship may be required annually. Guaranteed period cannot extend beyond the life expectancy of the annuitant.
Specified Period	<ul style="list-style-type: none"> o Annuity payments are made for the specified period of time as elected o A five-year minimum period is required for this option 	The cost depends upon your length of the specified period and the interest environment when you elect the option.	Available only on a fixed payment basis. Specified period cannot extend beyond the life expectancy of the annuitant.

Specified Period with Increase Option	<ul style="list-style-type: none"> o Annuity payments are made for the specified period of time as elected o A five-year minimum period is required for this option. o The annuity payment amount will increase annually on the anniversary of the annuity date based on the annuity payment increase percentage elected. o Available annuity payment increase percentages are 1, 2, 3, 4 and 5 percent. 	The cost depends upon the length of the specified period selected and the interest environment when you elect the option. The higher the increase percentage selected, the lower the initial payout amount.	Available only on a fixed payment basis. Specified period cannot extend beyond the life expectancy of the annuitant.
Joint and Survivor Life without Guaranteed Period - Available on a fixed or variable payment basis.	<ul style="list-style-type: none"> o Annuity payments are made while both the annuitant and joint annuitant are living and during the survivor's remaining lifetime. o Available survivor options are 50 percent, 2/3 (66.7 percent) and 100 percent. o Does not allow for a guaranteed minimum number of payments. 	The cost depends upon the ages, genders of both annuitants and the interest environment when you elect the option. The higher the survivor percentage selected, the lower the initial payout amount.	Proof of survivorship may be required annually.
Joint and Survivor Life with 100 percent Survivor Benefit and Installment Refund upon Second Death	<ul style="list-style-type: none"> o Annuity payments are made while both the annuitant and joint annuitant are living and during the survivor's remaining lifetime o Available survivor option is 100 percent o Upon the death of the survivor, this option will continue annuity payments to a payee until the total of annuity payments made equals the net premium, thereby ending the contract 	The cost depends upon the ages, genders of both annuitants and the interest environment when you elect the option.	Available only on a fixed payment basis. Proof of survivorship may be required annually.
Joint and Survivor Life with Increase Option and without Guaranteed Period	<ul style="list-style-type: none"> o Annuity payments are made while both the annuitant and joint annuitant are living and during the survivor's remaining lifetime. o Available survivor options are 50 percent, 2/3 (66.7 percent) and 100 percent. o Does not allow for a guaranteed minimum number of payments. o The annuity payment amount will increase annually on the anniversary of the annuity date based on the annuity payment increase percentage elected. o Available annuity payment increase percentages are 1, 2, 3, 4 and 5 percent. 	The cost depends upon the ages, genders of both annuitants and the interest environment when you elect the option. The higher the survivor percentage selected, the lower the initial payout amount. The higher the increase percentage selected, the lower the initial payout amount.	Available only on a fixed payment basis. Proof of survivorship may be required annually.

Information regarding the annuity payout options available under the Product may be found in the participant's annuity contract and in the prospectus for the Product. The prospectus is available at horacemann.com.
