

\_\_\_\_\_ moves that the Legislative Commission on Pensions and Retirement approve the following replacement actuarial assumptions for the Legislators Retirement Plan, beginning with the July 1, 2012, actuarial valuation, under Minnesota Statutes, Section 356.215, Subdivision 18:

**Mortality Rates:**

**Post-Retirement Mortality for Healthy Lives**

RP-2000 annuitant generational mortality table, white collar adjustment

Males: No set back or set forward

Females: No set back or set forward

**Pre-Retirement Mortality for Healthy Lives**

RP-2000 non-annuitant generational mortality table, white collar adjustment

Males: Set forward three years

Females: Set back one year

**Retirement Rates:**

<b>Age</b>	<b>Retirements from Active Status</b>
<62	0%
62	40%
63-64	30%
65	40%
66	30%
67-69	25%
70	30%
71+	100%
